

### **Skills**

- Practical knowledge of C, C++, Java, HTML, PHP, MySQL, XML.
- Hands on experience with Microsoft Visual Studio, Adobe Photoshop, Adobe Dreamweaver, Autodesk 3D Studio Max.

- What else could I put here?

### **Experience**

- Not even sure what to put here! Like... do I mention things like working with my Sony PSP? The Nintendo Wii? The Solitaire game I made? How about the Tetris game I made? Could I also include things like having worked "under the table" for a guy out of Arizona making content management systems?

### **Education**

- College of Southern Nevada  
Majoring in Computer and Information Technology (61 credits)  
GPA: 3.99
- Relevant coursework includes: Unix Operating System, Database Concepts and SQL, Network+, Beginning C Programming, Advanced C Programming, Beginning Java Programming, Beginning Web Development, Fundamental 3D Computer Animation, Calculus I.
